La Boutique – c'est Magnifique....

The grand opening of Easilet took place on Thursday 8th May 2008. The new office is a unique concept in the 'Lettings World' of the Newcastle with designer fittings, bespoke furniture and feature wallpapers. It will provide a more comfortable and stylish environment instead of a cluttered paper strewn office you would usually associate with a lettings office.

Tom Dixon Copper Lights are a fantastic feature in the reception area as well as a huge street map of Newcastle covering the double height wall.

Cole & Son Frutto Proibito wallpaper covers feature walls in our 'purple room' which serves as a boardroom and as a meeting room.

The reception area underneath the mezzanine is dominated by a sweeping bespoke American Black Walnut reception desk.

A curved sofa and coffee table fill the shop front and provides a comfortable area for customers to peruse the properties.

All customers will be welcomed into the office with fresh coffee from the built in Zanussi Coffee Machine; they will also be invited to use the public computers to browse the internet and view details of the available properties.

Notes to Editor

Easilet is now in its 5th year of business and is proud to have grown into the professional letting agency they are today, with over 300 properties in their portfolio. Their objective to provide landlords and tenants with superior management and superior services at affordable prices has been clear, as Easilet offer the most competitive prices in the market today.

Specialising in lettings and management, their team believe that they offer a quality service unmatched by other agents, and are dedicated to maintaining exceptionally high levels of service.

257 Jesmond Road, Jesmond, Newcastle upon Tyne, NE2 2LB.
